

Looking for a place to get 100+ volunteer/service hours in one week?

Come play with us!

Join us for a week at **CampPossAbility** on **July 25 (1pm) - July 31 (noon)** at **Bradford Woods, Martinsville, Indiana**

Camp PossAbility is an adapted camp for young adults ages 18-35 who have a typical high school diploma and require use of a wheelchair for mobility.

Cost is \$25 plus the cost of your background check. Food and lodging are included.

Volunteers (DUOs) will be paired with a camper for the week. You will help with all activities of daily life (transfers, feeding, toileting, dressing, showering, etc. as needed) plus will participate in all activities of camp (alpine tower climbing, swimming, bellyaking, canoeing, and more)

Exposure to the medical field is helpful but not necessary. You will complete a day of training before campers arrive. Students in nursing, physical therapy, occupational therapy, recreational therapy, medicine, and psychology will all get experience practical for future careers. Professionals in these areas are needed.
